

**Abstract Submission Deadline for the 2nd International Hydrogen Aviation Conference (IHAC 2021), Glasgow, Scotland**

GLASGOW, SCOTLAND, UNITED KINGDOM, April 13<sup>th</sup>, 2021 -- Hy-Hybrid Energy, UK based leading fuel cell services provider, would like to announce that the abstract submission deadline for the 2nd International Hydrogen Aviation Conference (IHAC 2021) will be 30<sup>th</sup> April 2021. The conference is set to be held in Glasgow, Scotland on 2nd September 2021. The Company organized the world's first international hydrogen aviation conference (IHAC 2020) in 2020. The conference attracted high-level international speakers as well as a global audience discussing the role of hydrogen in aviation.

IHAC 2021 will focus on the use of hydrogen in aviation, the associated benefits, and emerging challenges. The event is an opportunity to connect with experts in the industry and an open invitation to all stakeholders to participate in the next wave of hydrogen in aviation.

Further details about the conference can be found at: <https://www.hy-hybrid.com/ihac-2021>

The International Hydrogen Aviation Conference (IHAC) Platform

---

IHAC 2020 (virtual) attracted high-level international speakers as well as a global audience discussing the role of hydrogen in aviation. This world's first platform is expected to become the most recognized international forum, gathering leading experts from the aviation sector with a special focus on hydrogen as one of the key solutions for decarbonization.

Like aviation (with hydrogen addition onboard making it more challenging), we are continuously striving to set the highest standards for IHAC. We foresee the forum to emerge as one of the most prominent meeting places for the comprehensive exchange of industrial, technical & scientific information and for high-level networking. This requires everyone to follow the guidelines to ensure the delivery of a most successful event, discussing emerging technical breakthroughs in the hydrogen aviation industry.

We thank you in advance for your understanding and cooperation!

**About Hy-Hybrid Energy Limited:**

Working with the leading players in the hydrogen and fuel cell sector, Hy-Hybrid Energy provides services in clean energy technologies. Based in Scotland, UK, the team are specialists in all major fuel cell types, renewable energy systems, hydrogen storage and production, and support both low and high temperature fuel cell technology. Last year, the Company organized the world's first international hydrogen aviation conference (IHAC 2020). The conference attracted high-level international speakers as well as a global audience discussing the role of hydrogen in aviation.
